THE M20 MOTORWAY (JUNCTIONS 4 – 6)
(TEMPORARY PROHIBITION OF TRAFFIC) ORDER 2016

Notice is hereby given that Highways England Company Limited**(a)** intends to make an Order on the M20 Motorway, in the County of Kent, under section 14(1)(a) of the Road Traffic Regulation Act 1984 because works are proposed to be executed on the road.

The effect of the Order is –

(a) to impose an overnight temporary mandatory 50mph speed restriction on the coastbound carriageway, (including the adjacent hard shoulder), of the M20 between points 1000 metres west of the centre of Junction 4 (A228) and 600 metres west of the centre of Junction 5 (A20);

(b) to authorise overnight hard shoulder running on the length of the coastbound carriageway of the M20 described at (a) above, where this is in use as one lane of the carriageway (while lane closures are in operation); and

(c) to authorise the overnight closure of the following:

(i) the coastbound carriageway of the M20 between the exit slip road at Junction 5 (A20) and the coastbound distributor road east of Junction 6 (A229 - Chatham Road); and

(ii) the London-bound carriageway of the M20 between the London-bound distributor road east of Junction 6 (A229) and the entry slip road at Junction 5 (A20), including the slip road leading to this carriageway from the London-bound distributor road east of Junction 5.

These measures would be in the interests of road safety while contractors undertake sign maintenance/replacement work and associated technological works.

It is expected that the work would take place periodically over a twelve month period starting on or after Sunday 11 September 2016 between 22:00 and 05:30.

The Order would come into force on 11 September 2016 and have a maximum duration of twelve months.

During the closures outlined above, traffic affected would be diverted using the coastbound and Londonbound M20 distributor roads.

The temporary mandatory speed restriction, hard shoulder running, carriageway closures, slip road closure and diversion routes would be clearly indicated by traffic signs when they are in operation during the works periods.

D Walker, Highways England Company Limited.
